PUBLIC UTILITIES
CAUSE 15 DEATHSReport of Commission Shows
1,800 Injured Last Year
in District.

That the activities of the Public Utilities Commission has been responsible for the voluntary reduction of rates made by the Chesapeake and Potomac Telephone Company and various taxicab and transportation companies is intimated in the annual report of that body, sent to Congress yesterday.

The report shows that fifteen persons were killed in the District last year by the public service corporations operating in the city under the direction of the Commission.

During the year 1915 accidents, resulting in the personal injury or loss of life to 1,800 persons were reported to the Commission in connection with the operation and maintenance of those companies coming under its jurisdiction.

Several improvements in the maintenance of track, line and roadway were made during the year, such as the laying of new rails on Upshur and Butter-nut street, reconstruction of part of the underground system on U street, changing from surface construction to underground slotted conduit construction of the tracks on Nichols avenue from Anacostia Bridge to Toward street, and the ballasting of the Cabin John line.

The report calls attention to the fact that among the rates filed during the year, one that may be noted is the cooking and heating schedule of the Potomac Electric Power Company, in which the charge for electricity after the first ten kilowatt hours' use is reduced from 10 cents to 3 cents a kilowatt hour, and the minimum charge for two meters is reduced from \$2 to \$1.50.

The French government has appointed a commission to study the general use of motion pictures in the different branches of public education.

WEATHER CONDITIONS.

Maryland—Partly cloudy Tuesday and Wednesday; probably showers Wednesday; light variable winds.

District of Columbia—Fair Tuesday; Wednesday partly cloudy and somewhat warmer; light variable winds.

Virginia—Fair Tuesday; Wednesday increasing cloudiness, probably showers; light variable winds.

Showers are probable Tuesday in the Upper Lake region, the Lower Ohio Valley and Tennessee and the shower area will doubtless extend Wednesday into the Middle Atlantic States. Showers and thunderstorms are also indicated for the East Gulf States Tuesday and Wednesday.

The temperature will rise slowly from the Lake region eastward to New England. The changes elsewhere will be generally unimportant.

Because of the threatened increase in the price of bread, the Democratic leaders in Congress will introduce a bill to repeal the Spanish war tax on mixed flour. A bill to repeal this tax was favorably reported to both houses last session, but in the press of business it failed of passage.

EVERY ONE visiting Washington wishes to take away something as a remembrance of the visit to the National Capital, or as a gift for friends at home.

It is the aim of the National Remembrance Shop to supply such things in souvenirs that shall have some artistic merit.
